## *psychogeriatric resource consultation program of toronto*

We provide coaching on how to put principles of evidence-based dementia and geriatric mental health care into practice.

We work with organizations such as long-term care homes, community services, and home and community care.

### Our consultants:

- ◆ Have a strong knowledge base and diverse inter-professional backgrounds in mental health and dementia care.
  - ◆ Have expertise in training staff how to apply what they learn directly to their work.
  - ◆ Provide education and training in a variety of formats to address staff identified learning needs.
  - ◆ Provide coaching to care teams to help them implement effective care strategies and develop person-centered client care plans.
  - ◆ Assist care teams with client transitions to ensure care plans and behaviour support information is shared and understood by the receiving care team.
-
